A Michigan Miracle

The Preliant Commercial, Positanti, Mich.

Many things appear miraculous that are really the result of natural laws, the workings of which can be accurately predicted. A striking example of this occurred in a prominent Michigan family recently, and there can be no question as to the truthfinione of the narrative since it is attested by Mrs. Harrist Begole, of Y polianti. Michigan in 1883-4. Mrs. Begole said:

'Ito 1888 I suffered from a severe filness; during which my voice left me and I did not speak above a whispar for nearly 15 years.

'It was treated by five local physicians and afterward consulted leading specialists of New York. They diagnosed my case as partial paraysis, stating that the left side of my throat was entirely paraiyzed, the right side partially so. For nearly eight years I have suffered from a severe stomach disorder and about a year ago I decided to try. Dr. Wilhams' Pink Pilis for Pale People.

'My stomach trouble was relieved, my general health became greatly improved and to my surprise I regained control of my vocal organs. I have used five boxes of the pilis and hast November I spoke aloud for the first time in almost 13 years. I am now 71 years of age and have full control of my voice.
